Spiritual Space Clearing from the Inside-Out ***Two-Day Workshop with Joey Korn***

Joey has gained a unique perspective on Space Clearing, which is very helpful in helping people improve their lives. What makes Joey's Space Clearing and energy work unique is that he learned almost everything he does with dowsing and energy work from his Inner Teacher, rather than being taught by others. Joey's unique perspective on Space Clearing gets right to the cause of the problems, thereby helping people improve their lives.

Many people believe that the energies of our homes, especially detrimental Earth energies, or "geopathic stress," can cause illness, insomnia, financial problems, relationship problems, and more. Joey has come to understand that it's the other way around: *We* cause the energy problems in our homes with our inappropriate reactions to our stresses and strains of life—with our negativity. The natural energies of our homes are our energetic mirrors, constantly reflecting us back to us. The more out of balance we are in our lives, the more out of balance the energies of our homes will be.

If you learn to balance your own energies, as well as the energies of others you are close to, then the energies of your home will simultaneously come into balance.

In this jam-packed two-day workshop, you'll learn:

- How to dowse for detrimental energy fields related to underground water, human-related energies, and electrical fields.
- How the energies in our homes and offices become detrimental in the first place.
- How to change these energies to be beneficial, using Joey's Simple Blessing Process. *Yes, you can even make EMFs beneficial to you!*
- How to create ideal energy environments, within and around you, to help attract what you most desire into your life

Joey will also focus on the primary causes of paranormal activity, how Joey clears those causes, and a simple way to stop such events from happening in most homes or other places in which they have been occurring. Joey will guide everyone through a blessing to balance each person's Human Energy Pattern, and true magic will happen in the room. Joey's work is not just about dowsing and energy; it's about life.
